

Ralph Steiner 315 East 51 Street New York

March eight

Dear Mr. Park:

I just got back from a trip to Akron, O. to make a rubber movie - found your telegram - very sorry not to have been able to answer it before this. I would want some lantern slides to add to a collection I am making before talking on photography or cinema again, and I doubt that I'll have time to make them before summer. Ask me next year, please.
