Dear Jon Hendricks,

I was very busy this weekend when I was in NY and the one time I got to call you there was no answer, so.....I'm glad that I got a chance to speak with Arlene and Al. I looked at the programs in the archives from about 61 to 66, but I decided not to go downstairs to look at the photos: it would be too overwhelming, and I'm not going to be making the choices anyway.

I suppose you discussed this (enclosed proposal) with Arlene and know that we'd like Judson to run a week-long exhibit either at the same time as our Bennington workshop--the month of July--or preceding for a week in June or following for a week in August or Sept.

Briefly, if you could send a note answering these questions, it would help us in these early planning stages:

What was the connection between the Fluxus Group and Judson?

What was the most active period of Judson art performances (happenings and other weird stuff)? 62-64? other?

What events and/or people do you have videotapes of that would be showable for this exhibit? (we plan to video interviews and performances and show some of these too)

Are there major people who you think should be on this list? (I found many more names that I had not thought of when looking through the files)

How much time do you think you'd be putting in as archivist and in helping to organize? If you are willing?
