Dear Wendy -

Greetings!

Enclosed is the closest thing we have to the catalog you are investigating. The stock is what you're looking for: 70# text (coated) & 80# cover (also coated)

This particular job was a tad sloppy due to poor photos & an incredibly rushed schedule. I feel we could certainly meet your quality standards & also work toward meeting budget requirements. You'd have to stop in to arrive at an accurate \$ (Please return this cattle auction thing to me) Regards & thanks for the opportunity to quote on your job
