

INTEROFFICE MEMO

Bennington College

Date March 27, 1941

To Mrs. Garrett, Mrs Park, Mr Brookway

From Judith Knapp, Sec'y Re: American Airlines Proposal
Store Board

It has been proposed by the American Airlines that the Store handle reservations for air travel. Before the Store Board approves such a proposal, we would like to have the matter considered by the College. Would it be in accordance with College policy to encourage air travel? Would it involve the College in any responsibility, or would any decision by students regarding air travel be considered a personal matter? We would appreciate your opinions on this matter before our next meeting on April 9.
