

BENNINGTON COLLEGE
BENNINGTON, VERMONT

September 16, 1941

Dr. Robert E. Plunkett
61 First Street
Troy, New York

Dear Dr. Plunkett,

Thank you very much for your letter of September 10th giving the program of the Inter-American Week of Troy. Bennington College is, of course, tremendously interested in promoting inter-American relations and I hope that representatives of our community will find it possible to attend some of the sessions.

I am turning a copy of your program over to the appropriate faculty and student organizations in the College with the request that they get in touch with you directly if they are planning to attend.

Sincerely yours,

Lewis Webster Jones
President
