

THE SILO

Minutes- September 7- October 7.

Official Meeting

Early in the term, President Jones called a meeting of The Silo board, for the purpose of establishing or changing certain principles and standards of the magazine.

As the regular secretary was unable to attend the meeting, Nancy Hirose took minutes. These minutes are on file.

Later Meetings

Since the first meeting, the board has met regularly once a week. The meetings were more or less un-official. Certain subjects regularly came up for discussion:

Exchange Policy:

The exchange editors of other magazines, mainly those of colleges, have written the Silo board, suggesting a regular exchange of magazines. Last term the new editorial board decided in favor of adopting an exchange policy. (See minutes of April 17.) An exchange list as it stood at the end of last term is on file. The following have been added:

- Quarterly- (Connecticut College for Women)
- The Crimson-White( University of Alabama.)

4

SILO-(Sept.7- Oct.7. Cont.)

The board expects to enlarge the list during the year.

Publicity:

The Silo board feels that the Community still needs to be made more aware of the magazine as a Community factor.

Miss Grimwood has printed notices in The College Week, urging the Community to contribute material to The Silo. In addition, individual board members have been assigned various houses from which to solicit, and a box for contributions has been put in the store. The subject has been brought up at the Literature teas. Finally, we have discussed the value of a party, to be given by the Silo board for faculty and students. Admission would be charged to pay for refreshments. The plan has not definitely been decided on as yet.

Material:

The material already submitted has been read and criticised by the individual members of the board. A specific choice of material has not yet been made, nor has a definite publication date been fixed.

Yvonne Roy

Secretary
