

C O P Y

National Japanese American  
Student Relocation Council

1201 Chestnut St., Philadelphia, Pa.

November 12, 1942

President Lewis W. Jones,  
Bennington College,  
Bennington, Vermont.

My dear President Jones:

This office has just received a generous offer to pay the board and tuition of a Japanese American student at one of the New England colleges if the college can grant a tuition scholarship. Would it be possible for you to do so?

You already know about the work of this Relocation Service. We are making every effort to place these fine young men and women in colleges at the beginning of the second semester.

(Third paragraph personal).

Sincerely yours,

(Miss) Elizabeth F. Johnson  
Associate Director
