Dear Miss Sherwood:

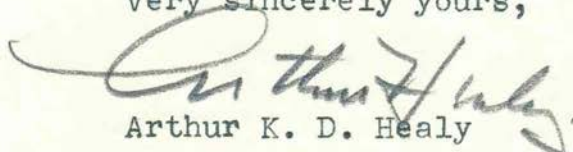

Thank you for your note of March 10th and I will most certainly bring the pictures down in time for the show March 25th. I wonder however, if it would be too awkward for me to bring or send them the day before?

In regard to the seminar, would either the 4th or 5th of April be satisfactory? The 5th is on a Saturday but I think I could manage to get away on the 4th and that would be better for you. Please ask Mrs. Moselsio if this would be all right.

We miss seeing you up here and I gave Mr. Lee your best and he returns his. That old citadel of culture known as the Sheldon Museum is rattling along as usual.

With my best wishes and the hope that I may see you.

Very sincerely yours,

Arthur K. D. Healy
