Dear Dr. Burkhardt:

You say, very kindly, in your recent letter that you'd like a chance to tell me something about your experiences in Germany. You're going to. I've just had the news of your speaking at the Forum and I'm planning to go to it. I'll be sitting in the front row so that my deaf ears won't miss anything of what you say. And if there's a question period afterwards I'll be on the spot.

Cordially yours

Dorothy Canfield Fisher
