Dear Becca,

It was grand seeing you again at the recent Reunion, my 40th (class of '55) and the first reunion I had attended. The last time I was at Bennington was when I graduated in 1969.

I very much enjoyed your Convocation address in the latest Quadrille! Reading it, I felt once more like an arriving Freshman. And isn't that the essence of a Bennington education? Perhaps the only real Bennington tradition is to begin again, to return (to tell the tale) and then continue, the better to create who we are. Or, is not one good question worth ten answers?

Looking forward to our meeting again at another reunion, whenever.

Be well, and with my very best wishes,

Sincerely,

Carol Rubenstein
