Dear Seniors:

I'm writing to remind you that we voted by a large majority to allocate the Senior Class gift to general financial aid. It gets harder every year to admit even a reasonable number of financial aid candidates - and from my experience in the Admissions Office it seems to me that all too often a really large number of promising applicants are in need of a lot of help.

We can't do much individually - but if all 128 of us give what we can it might be the critical amount to bring at least one candidate to Bennington next year. Please send something in the enclosed envelope.

Gillian Foo
