

March 20, 1968

Memorandum to members of the Faculty and Staff  
from Edith Stewart

This is to remind you that parking near the delivery entrance to Commons or along the road leading to it obstructs the delivery of food and of mail. Parking between the sign and Commons has become so frequent that the U. S. Post Office is threatening to stop the delivery of mail unless the road is kept clear.

Please do not park below the sign on the delivery road to Commons.
