Re: Query re. Judson Tapes

Received a call on 7/22 from Jonathan Gable of THE KITCHEN in Manhattan. He said that the Whitney wants to put an interview from the Judson tapes with Yvonne Rayner on their website, and wants to clear the copyrights. He said that The Kitchen has copies of the tapes and can provide the material for the Whitney. He said Bennington College has the copyrights.

In addition, although he called yesterday noon, he said the Whitney needs this by this afternoon (Friday). His number is (212) 255-5793 X-27.

I left a message with Tony yesterday at home, talked with Susan Sgorbati this morning. Susan had the feeling it would be ok but that Tony should have the final word.

I tried to reach Robert this morning who is away until Monday. I talked with Tim at Crossett, who said he would not feel comfortable granting permission without consulting both of you, and nor would I.

So I've left word with Jonathan Gable that this really has to wait until Monday. He may call me back today.
