

Community Meeting

A Community meeting was held in the student lounge at 7:30 on May 31, 1933. Elizabeth Shurcliff presided.

The following announcements were made:

1. The roads are to be oiled and sanded on the first dry day and windows should be closed during the process.
2. No money should be left in the charge account book in the store. The method which should be used in paying bills is written on the front page of the book.

Voted to allow boys in student rooms only between twelve o'clock noon and six o'clock in the evening. This does not apply to student's families.

A discussion was held on students coming to evening meetings in shorts. No decision was made one way or another.

The annual report of the Community Council was read and discussed. A motion was made and carried that the report be accepted.

Respectfully submitted,

Louise Carr
Secretary
