

A few  's from

Carol Channing

Dear, dear Mrs. Kunzelmann:

Thank you again and again for the array of information and material regarding our Commencement enterprise.

I am so delightful that you extended invitations to one and all. The list I gave you were just names that flashed before me at the moment. I am so happy I will be seeing Ben, Otto, Tom, Jean, and all that crowd...the more the merrier.

I am so grateful that you are not expecting a formal Commencement address. The best that I can do for you is to give a testimony as to what Bennington means to me and how it relates to my work.

Beginning June 16th, I will be at the Waldorf in New York City rehearsing for my "LORELEI" summer tour. We plan on flying up on the 20th, and, if possible, either returning that night or the next morning. Please contact me through our Los Angeles office, and rest assured that I will be telephoning as soon as our schedule is more definite. Do give special felicitations to all of your colleagues...

XXXX,

Carol

PS. when I was here our best woman was Mary Barrett. Could we invite her? also Henry Simon Literature Dep.
