Miss Mildred E. Wooster
University of Maine
Orono, Maine

Dear Miss Wooster:

Thank you very much for asking us to participate in the debates at the University of Maine. However, Bennington College has no debating team or any other comparable organization.

If the students should organize a debating group, we should be very happy to be included in your debates. At present this is not possible.

We are very sorry that we are unable to accept your kind invitation but hope that in the future something can be arranged.

Sincerely yours,

Nika Pleshkoff, Secretary
Educational Policies Committee
