

Report of Recreation Council Meeting --May 28, 1940.

The Recreation Council has begun to discuss the program of recreation for next year. The Dance Committee announced that there will be a formal dance on December 7th, 1940, if it is possible to obtain a guarantee of 100 people. Tickets will be sold one month in advance. There will also be three small informal dances next term which will be spaced three weeks apart. These dances will not involve any expence . Therefore, if they are popular they will be increased in number.

The Recreation Council began to plan a party for the freshmen next year. A scavenger hunt was suggested and also a party of some kind in the Recreation Building such as the one given at the opening of the building this spring. Nothing definite was decided but the Entertainment Committee will discuss the matter more thoroughly and bring suggestions and more specific plans to the Recreation Council meeting next week.

Respectfully submitted,

Florence Booker
