FROM THE DRAMA DEPARTMENT

PEACE by Aristophanes - first produced
for the Great Dionysia in 421 B.C.

...and to be produced Friday night,
October 12th, on the Common Green - by
the new students of Drama - a production
glorified by music from the Bennington
Band, directed by Gunnar Schonbeck - by
embroidered ancient Greek masks and cos-
tumes (fabricated by novitiate Greeks) -
enobled by the sound of flutes, and the
roar of the cannon - intensified by
Trygaeus' of Athens death-defying jour-
ney on the terrifying MACHINE to bring
back PEACE from the deep pit where WAR
has placed her - enlivened by Cretan
Rhythms - and exalted by an expurgated
Sacrificial Procession.

8:00 p.m. if dampness or snow inter-
Oct. 12 feres, the production will
occur in the Theatre.

A Feast celebrating the return of the
Goddess, and of a bumper crop of apples

The list of positive reactors to the
T.B. Skin Tests has been posted in the
Health Service. The list includes the
names of all those recently tested, and
found positive--as well as all upper
classmen who were positive in the past.

Please consult this list to see if
your name is included there. If so,
sign for a chest X-ray appointment. If
you have any question regarding this,
please inquire of the Health Service.

All new students, regardless of skin
