“A Photo Album with Music”

Wednesday, February 25, 2004

8:00 PM

Deane Carriage Barn

Nuria Schoenberg Nono—Schoenberg’s daughter—will share personal memories and images to depict Schoenberg not just as the father of atonality, but also as her father, a man in complex relationships with his family, his students, and the socio-political climate of his time.

Stefan Litwin—composer, scholar, and pianist—will engage in conversation with Nono and play pieces by Schoenberg and his students Berg, Eisler, and Webern, placing the man in relation to the music he helped create.

This event is free and open to the public. For further information contact 802.440.4510 or stjones@bennington.edu.
