

Memo on Use of College Facilities during the NRT

From the President of the College

After careful consideration of the many factors involved, the following limitations have been placed on possible use of college facilities during the coming Non-Resident Term.

1. All student houses will be closed for the winter, starting Thursday, December 19 at noon.
2. The Barn (8 - 5, Monday - Friday) and Commons (8 - 5, Monday - Saturday) will remain open for the winter, available for limited use upon request to appropriate Divisions and the Director of Non-Resident Term.
3. The Library will remain open for use from 9 to 5 each weekday. It will not be open on evenings or weekends.
4. Jennings will be available for use by the Music Faculty only.
5. Art studios which faculty use for their own work will remain open; their use by students will depend on Divisional approval and a faculty member's willingness to assume responsibility, including the writing of an NRT report.

Any questions that students may have should be directed to Mrs. Feeley and/or Miss Stewart.
