Dear *Eleanor*:

Enclosed you will find the long delayed Seven College Conference report. I hope that you will find it satisfactory. If there are any glaring mistakes, omissions, or errors, will you please let me know and I shall send on the corrections to the other colleges?

It was decided at the conference that each college would send a handbook to the other six. I think ~~this~~ would be quite helpful if we carried this through. We have already sent our Red Book to you, I believe. If it is possible would you send one of yours to the rest of us?

Sorry this report is so late in getting to you, but you know how great resolutions lose their power when the actual work comes upon you. Hope this report meets with your approval.

Sincerely,

Marion R. Gunn
