

GALLEY  
10/10/68

The two VISTA volunteers working in Bennington need help in a tutorial program they have begun in Beech Court and other nearby areas of Bennington.

Seven students are needed to tutor once or twice a week. It would involve one or two tutees, but, depending on the tutor's interest, could precipitate involvement with families of tut@es. There is special need for an art tutor and for someone who knows somr French.

If you are interested, please put a note in my box as soon as possible; if you can provide a schedule of your free time, that would be helpful.

Also, if someone plays guitar and would like to entertain this Friday or Saturday night (or possibly Sunday afternoon - the date is not certain) at a party for neighborhood teenagers, please let me know.
