Re: The Scherman Fndn, Inc. --Black Library Collection

Would you write to Mr. Axel G. Rosin, President of the Scherman Foundation as soon as convenient (perhaps during NRT), sending him an outline of the purchases that you will make with the Scherman grant and a specimen of the bookplate that you are having printed. It would be kind of you to check with Emily McGregor before sending out your letter to coordinate the Development department's point of view with yours.

We have marked our tickler here to give a further report to The Scherman Foundation in October 1972 and apply for another grant, perhaps to set up a small \$10,000 endowment to produce \$500 per year to maintain your collection. As time unwinds perhaps you will have some further ideas in this regard.

Our trustee, Joe Iseman, is the attorney for the Foundation and we will refer to him before actually doing anything.
