

Dear Dan,

Here's a copy of a rather alarming, tho not surprising, letter from Barbara, and a zerox of my first response to it. Please let me know what tyou think.

When do you want to receive the remaining 250 and when should the final 500 be paid?

I got your phone bill, but I thought you were going to send another \$9 postal bill.

Remy Charlip is up here every Wednesday now (for costuming) and he said next time he'll bring up some photos he has that no one's ever seen, also some costume stuff-- wild beaded stuff@-he made for J. Waring. His photos are of Eddie Barton and Aileen Passloff. He also mentioned that some of the pieces that grabbed him most at that time were Carolee's LATERAL/SPLAY and a piece Jime Dine did where he painted himself red.
