Mr. Peter F. Drucker  
19 Bayberry Street  
Bronxville, New York

Dear Mr. Drucker,

I have just received your letter and the plans for your courses. They look very interesting and very suitable. Perhaps the people writing the catalogue may want to communicate with you later in regard to how they shall be written up for catalogue purposes.

It was very nice to see you in Bennington and I hope nothing will interfere with your joining the faculty in the late summer. Please send us your expense account at your convenience.

Sincerely yours,

Lewis Webster Jones  
President
