Memo to: Myra Jones

From: Mr. Leigh

I am enclosing the quotation for the cap, gown and hood received from the Collegiate Cap and Gown Company. As I understand it, these prices have already been accepted by the seniors and I told them to go ahead. Perhaps Miss Brannigan has already sent in the order. The idea was to order 60 complete outfits. The total expense will be \$810.

The College Store is planning to sell the hood to any senior who wishes to purchase it. I will arrange with Miss Steven to pay over this money to you when the total sales are made

Mr. Tschorn and Mrs. Leigh are finding a place to build a cabinet to put the robes and hood in so that they may be kept safely for the use of the chorus and for the seniors each year.
