Re: Malamud Memorial Service

Please keep me informed about progress on the Malamud Memorial Service.

Along those lines, the College has just had a call from the Acting Director of the Vermont Council on the Arts, a Mr. Arthur Williams. Mr. Williams said that the Vermont Council will be introducing a proclamation to the Vermont State Legislature to honor Bern's memory. The Council would like to be able to have that proclamation read, assuming the Legislature approves it, (and to have it read by a representative of the Council). I have made no promises about this, but I would assume something like it could be easily integrated into whatever program is being planned. Perhaps the wisest thing to do is for the person responsible for organizing the memorial service is to be in touch with Mr. Williams. His phone number is 802-828-3291. If you have any questions, please let me know.
