### Health Promotion

Watch for the student health promotion peer educators to be tabling every Tuesday in the student center from 11am to 1pm! It's a great way to learn some new information and win some goodies!!!

The Student Health Center is now able to refer students for nutritional counseling with a registered dietician, Hayley Miller. Hayley is also a licensed practical counselor and has experience working with clients who have experienced disordered eating. Please contact Ali Tartaglia at alisontartaglia@bennington.edu or Health Services at healthservices@bennington.edu for more information.

### Tech Tip of the Week

The IT@Bennington team would like to encourage the Bennington Community to prioritize the "Bennington Secure" network in your network settings on your PCs and mobile devices; you may even wish to delete the "Bennington Public" network entirely from your preferred networks list. (You can still join the Public network manually if you ever choose to.) Prioritizing Bennington Secure will cause your devices to automatically join and stay on this network when it is available, which will reduce behind the scenes "switching" between the Public and Secure networks. For those who use networked printing on campus, this will likely reduce frustration with having to move between the networks in order to print.

Follow the Tech Tip of the Week collection on Google Plus for more information and access to archived tips.
