From Art Division Re: Security in Gallery

The Division is asking that you sit near the opening where the photographs are while you are guarding the Gallery.

Be conscious of people who are spending a lot of time around the photographs and be on the lookout for bags, etc.

On the Wednesday, Thursday and Friday after Long Weekend go the the Watchman's booth at one o'clock and ask him to come unlock the Gallery for you. We will ask him to come back at 5:00 PM and lock it; stay until he gets there.
