Vermont

My dear Dr. Burkhardt:

I read Dr. Kilpatrick's

letter with real amazement + pleasure that he thought well of my Prep. School Composition. I don't quite understand it.

He cleared me up on some mistakes + some Hall + I agree on that he was wrong.

I have changed quite a lot of places, + after all the reports have come in, I would like to see you again on the very last corrections, but I shall not bother you until then. I think someone said that Mrs. Swann was in Europe, but if not, + there is any trouble, Dr. Kilpatrick can help you. He was the one who brought her on the Board + I think she would do any thing for him, that he asked of her.

When she was at our inauguration she stayed with us, also Mrs. Swann, + they seemed interested + happy about the Bible, I thought.

I am glad the Lympstone has been a
success.

Faithfully Yours,

Edith V. K. McCallough.

May 19 - 1955.

Hell made some copies of Dr. K's letter.
Thank you for offering to do it.
