GREY ART GALLERY AND STUDY CENTER

Dear Wendy,

18 May 1983

The enclosed bill from Daniel F. Young has been unceremoniously floating around the University unpaid since February. As you can see, it represents \$159.75 owed for incoming services when Judson was returned from England. Obviously, Val should be paying this, but since DFY has been waiting since February to be paid, should we front it for her? I am sending her a copy today, but please advise.

Best,

Dan Cameron
