Peter and Barbara Moore
351 W. 30th St.
NY NY 10001

Dear Peter and Barbara,

Enclosed are copies of the only publicity we have received to date from ~~all~~ the several places the Judson Exhibit has gone to. I have yet to receive advance publicity and reviews, if any, from London and Chateaufallon.

Dan Cameron is preparing an itinerary because only now that the exhibits are over could he do it with any accuracy, since there were so many cancellations and postponements. He indicated to me that France will be the end of it, so he will be dealing with returning the photographs shortly.

Peter I'd like to say that we were very happy to have your photographs on loan and I personally enjoyed being instrumental in bringing this work to the public. I am disappointed that the press did not respond as fully as the work deserved. Nevertheless, it was a very rich experience for me.

Sincerely,

Wendy Perren
