Dear Ms Perron,

24 May '82

I loaned a B/W 8x10 Photo of me in my "War" costume to your Judson show. I've made repeated requests to Daniel Connor to have the photo returned - all have been ignored. This adds insult to injury. I resented being treated as a piece of Robert Morris's history especially since "War" was basically my piece. Though I Recognise Morris's greater notoriety and contribution to Judson at that time, "War" in my opinion should have been

presented as a separate piece
as were a few other works
in your show.

Will you send my Photo
immediately to:
