NOTICE TO THE COMMUNITY

In the name of Dr. Elizabeth McCullough the College Community is raising a fund to be used for some cause that was felt to be of interest to Dr. McCullough and therefore an appropriate tribute to her. In consequence it has been decided that the fund be turned over to the Public Health Activities in Shaftsbury in which Dr. McCullough was very interested. The fund, augmented by to n contributions, will be used for the salary of a Public Health Nurse to be engaged by the town and to serve in that community in the following ways:

- 1) The initiation of preventative precautions against such diseases as small pox and diphtheria.
- 2) Health education in home nursing, first aid, child care, dental hygiene and nutrition.
- 3) Physical examinations of school and pre-school children.

A box will be placed in the store for contributions from 9:00 to 4:30, from Sunday, April 6th through Tuesday, April 15th.
