

DEBATING SOCIETY

UNIVERSITY OF MAINE
ORONO, MAINE

November 1, 1941

Dear Fellow Debaters:

Once again the season for intercollegiate debate has begun. Undoubtedly your teams are planning trips to the various colleges for the ensuing year. If the trips will bring your teams into our vicinity, we extend to you an invitation to visit our campus and participate in debate with us.

Perhaps the following weeks, which we have open, will serve as suggestions. During the month of November we have open the weeks of the 3rd, the 10th, and the 24th. During the month of December the weeks of the 1st and the 8th are open and the entire month of February is free. During March our schedule is clear until the 18th of the month. In April the weeks of the 6th and the 13th are open.

We sincerely hope that on some of these dates you will be able to come to the University of Maine campus and carry on forensic relations. If you do not plan to be in our vicinity, perhaps you would debate us on your campus. Enclosed you will find a copy of the "Maine Debate Plan." It is adaptable for two, three, or four speakers. Perhaps you would like to try the plan with us on your campus or with us here. Any comments on the plan would be appreciated.

The University of Maine Debating Society wishes you a pleasant and prosperous forensic year.

Sincerely yours,

Mildred E. Wooster

Mildred E. Wooster,
Manager of Women's Debate
