Mr. K. Volokhov, Secretary  
Consulate General of the  
Union of Soviet Socialist Republics  
7 East 61st Street  
New York, New York

Dear Mr. Volokhov,

Thank you very much for the information you sent me. I have circulated the pamphlets among students particularly interested in the U.S.S.R. and they, too, have found them most enlightening and helpful.

We enjoyed the visit of the United Nations war heroes to Bennington, particularly that of the representatives of the Soviet Union. Such meetings between the students of the Soviet Union and of the United States should do much to create understanding and friendship between these two nations.

Sincerely yours,

SS
