ON THE WOOLEY COMMITTEE

Each year the Isabelle Baker Wooley Memorial contributes a certain sum of money to Bennington College with the understanding that this money will be used for the advancement of contemporary music. The Wooley Committee has been established to decide upon the distribution of these funds.

One traditional purpose has been the commissioning of an original work to be performed at the graduation ceremony each year. The composer is chosen by the graduating class in conjunction with the music faculty. There is also money for concerts and lectures by visiting artists, for small student scholarships in the field of music, and any other musical activity furthering involvement and interest in contemporary music at Bennington, during the year.

The Wooley Committee (though not completely devoid of its own ideas) is open to new suggestions by any member of the college community. We urge you to submit your ideas and/or desires on the space below and deposit it in Box 267.
