College coed forced to eat own foot while being held

hostage by mutant cow herd!

By RICK LORD

Bennington, VT. A four day ordeal ends in appendage tragedy for a twenty-three year old Bennington senior. The senior, who will remain nameless (she is currently undergoing emotional realignment) was treated last week at Southern Vermont Medical Center after she was forced to eat her own foot to survive. Details are sketchy, but it seems that she was returning from a supposed C.I.A. convert meeting, aimed at exterminating the Bennington College Liberal Force, when her car was surrounded and held hostage by mixed mutant cows

from a neighboring farm. The cows, owned by Farmer R. G. Borden, had never been involved in any such actions before and seemed relatively normal on the days preceding the incident. On this specific day however, they ambushed the senior's vehicle as she passed down a dark, dirt road in the Mt. Anthony area. They surrounded the car and kept her from passing or exiting the vehicle. "Many were armed with electric milking machines and other stolen instruments," claimed the senior. Authorities have determined that the cows were fed toxic waste of unknown origin by someone other than their owner. The investigation

continues. "A possible link to the Bennington College food service is being considered," claimed a nameless informant. The senior, out of fear and hunger, scared that she might be kept stranded interminably, finally gave in to digesting her own toes, arch, and ankle as a fight for survival. The cows at the sight of this gruesome act, fled immediately, leaving her free. It has been suggested that they related this act to their own slaughtering and had moved their attack to a local slaughterhouse, though reports of this are not available. The senior then drove herself to the Vermont Medical

Center for treatment. "It was a little tough because I drive a car with a standard transmission," she recalls, "but I was just excited to be free." She will accept a post-graduate position with The Friends of the Earth, as a poster child for their "Save the Cow" campaign. The Vermont Cow Coalition continues a full investigation and Farmer Borden will not be charged at this time. There is also speculation that the cows may have actually been Bennington Liberals in cow costumes on their own cownter attack. Only time will tell the true story. We commend the senior's bravery in this cowish situation. Where were the bulls!?

Woman's obsessive love for her pet dog causes her to shoot her fiancée

**"The dog liked him
best!.. she sobbed!"**

The tragedy occurred last Sunday night, when, in a fit of jealous rage, Ms. Sally Conran seized her father's

twelve gauge shotgun from its rack above the family fireplace and blew her "intended" to Kingdom Come! It seems that Ms. Conran's dog Irving had developed a passionate attachment to her boyfriend, Jack. "It got to the point where Sally just couldn't stand to see Irving and Jack together", said a tearful Mrs. Conran (Sally's mother).

"She would begin to behave like a dog herself, hoping to attract Jack's attention. If it didn't work, Sally would begin to howl and whine and scratch at the door, begging Jack to take her out!"

Mr. Herman Josephs, a lifelong friend of the family's, had this analysis to offer, "In my view, Sally was right to be jealous of Irving and Jack's closeness. It was almost unnatural, the way those two used to slobber over each other. Desperate situations call for desperate measures." Other friends and family concur.

The night of the tragedy, all seemed normal. Jack and Irving were playing a frenzied game of fetch, and Sally (according to various neighbors) had just begun to utter the odd howling and crying sounds that she used to attract attention to herself. According to Mrs. Feldman, the Conran's next-door neighbor, Jack would usually begin to pay attention to Sally at that point, but last Sunday things took an unforeseen turn! Despite her pleas, Jack continued the game; Sally became verbally abusive. "Grrruf, Arouuu, you S.O.B. dog lover... Rouf!!!!", she is quoted as having said. Scant moments later, the blast shook the house. Mrs. Feldman had this to say, "I saw it commin'!"

Perky pooch becomes party animal

By D.I. SIRE

"Linkie", an adorable black-haired puppy, returned to his home last Monday after having a real wild and crazy time at the local college. Linkie showed up at Bennington College on Thursday and proceeded to attend every social event of the entire weekend. The happy pup made appearances at the Thirsty Thursday, Friday Nite Party and the Soriee on Saturday. Those college kids really enjoyed the dog's cheery barks and tail-wagging. When Linkie shows up, the students know that the party can begin! The owner of this party pet was quoted as saying, "Hey, um, well, I guess my dog really likes it up at the college."

TOADS IN BIOLOGY DEPARTMENT TALK TO GOD !!

Students in the biology department were baffled this week when they discovered strange, religious messages scrawled in the mud of their toad tanks. The toads, employed in a series of experiments concerning temperature, are common and plentiful. No one expected any of them to be prophets.

"America has repaid God by turning to wickedness and deep sin."

"Our colleges play a game of adultery as ungodly athletic teachers attempt to educate the leaders of tomorrow."

"Staircases to hell's fire lie within unnatural sex and sin."

"Go with the Lord for the Lord guides all."

and

"Youthful sinners provide a

constant pillar of smoke ascending up to heaven to the eyes of our God."

The lettering was near perfect. The toads seemed placid and generally unholy. The admonishing tone of the messages was not reflected in the amphibian's unhostile behavior. "The Lord speaks to us through many strange mediums," said a local pastor. Professors claim that previous experiments have never shown such

results. "Could the temperature extremes have done this? No is the answer. "Simply no!", said one baffled professor.

Despite pleas from local parishes, the pious animals have been dissected. No divinity has been found. Foul play is not suspected. "These things just happen. Its not at all rare," said one unidentified insider, "It's a harbinger of the Apocalypse, that's all."

BRUCE'S BIMBO BIDS

"BAA BAA"

By BRIAN ZIMMERMAN

Fans were shocked this week by the revelations in Julianne Phillips' new book, *Bruce and Me: The Mutton Years*. Already a resolution has been brought up in the state legislature that would ban Ms. Phillips from ever returning to New Jersey. In a telephone interview her response was, "Yeah, so?"

A Springsteen neighbor, Rumson resident, and veritable 'Jersey girl' Angela Cavaletti has already offered to, "remove the bimbo's kneecaps."

Ms. Phillips has made charges of steroid use and extensive embodiment of the "L-word" against her ex-husband. But the central controversy about her new book is her claim that Mr. Springsteen did not leave her for back-up singer Patti Scialfa, but

rather for the joys of his new sheep farm in Holmdel. To quote page 147:

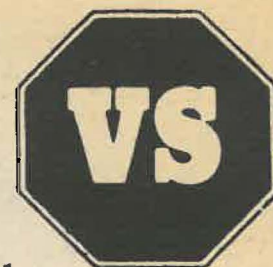

"At first I thought Bruce was just staying out late with the boys, but soon I caught that tell-tale whiff of wool on his breath. All the signs were there - I even found long curly white hairs on his coat. He was either making it with mutton or cruising the retirement homes. I never confronted him until the night I came home unexpectedly and found him prancing around in front of a mirror in wool underwear."

According to Ms. Phillips, Springsteen's bestiality was just the end of a long journey down a road of body-building drugs and left-leaning political views. "I was pleased when Bruce's biceps blossomed from eight inches to eighteen, but I soon realized that the drugs were being used to control his mind. He was guided by Max

Wienberg, his drummer- in reality a KGB 'sleeper' agent. Communist propaganda is hidden all through Bruce's later work. "Glory Days", when played backwards is a recital of the *Communist Manifesto* in Russian - the language Bruce insisted in speaking around the house. He'd run through the house yelling 'Death to the filthy, imperialist Amerikanski swine!' Frankly, I'm not surprised he endorsed Dukakis - but as for the sheep, they were too much to take."

When reached for a response Bruce Springsteen replied, "None of that stuff is true. Sure, back in the old days, the sheep would be waiting for us at the backstage door. Sometimes me and the Big Man would take a couple of cute ewes out for a drink or two...but it never got serious! Never."

Ms. Phillips' final comment was "Just play 'Jungleland' at 78 rpms and you'll know the truth."

ALIENS TAKE OVER HUMAN BODIES!

Inside sources say that the Pentagon is conducting mind control experiments with the use of aliens at a small New England liberal arts college. "It's truly amazing! What used to be the most liberal and free school in the USA has become a virtual nazi death camp!", one source said. It is believed that the stunning effectiveness of the program helped in another dubious Pentagon conspiracy - to get Dan Quayle the presidency.

It is imagined that the key to the plot were slimy space creatures that can crawl inside human bodies. The aliens have taken over all of the key positions running the school. Experts were baffled when asked to explain how aliens could have taken over human bodies.

Spaceship Lands in Florida and Kidnaps "The Golden Girls"!!

A huge yellow spaceship landed in Miami's Dolphin Stadium last week, causing quite a ruckus during the game. Fluorescent pink men ran out and grabbed the cast of *The Golden Girls* out of their seats. They then placed them on the field and went back into the ship. Awhile later a blue beam pulled the *Golden Girls* up into the ship. The show is cancelled until NBC can come up with Elvis to pay the ransom.

MAN CHEWS THROUGH OWN ARM - To AVOID WAKING FRIGHTENING FRIDAY NIGHT PARTY PICK-UP!

By JEWLISA LIPSCHITZ and PENNY UNDERCASH

On Friday, November 18th, a Bennington College male had been drinking an excessive amount of alcohol at the Kilpatrick "Funk" Party. As usual, he was equipped with beer goggles and a condom, and enticed his newly-found aphrodite into taking him home.

At approximately 10:00 a.m. on Saturday the 19th he was rushed to Southwestern Vermont Medical Center. Upon his arrival, the residents on call identified his case as the ever-too-common- "Coyote Wake -Up."

Increasingly, cases such as this are appearing on the Bennington College Emergency Security Reports. This problem is really quite simple. It consists of (predominately) men who wake up in the morning to find themselves entwined with the girl of last night's fantasies. Upon closer look, however, sobriety and the morning light unveil the harsh realities of the prior evenings scrotum faux pas. To avoid waking the slumbering nightmare by removing his arm from under her sleeping head, he chooses to chew through his own arm to avoid the confrontation that would otherwise be inevitable.

Although this act seems far-fetched, as the term draws to an end, more and more men find themselves in this situation. So, as you glance around campus and notice a plethora of people are sporting long, heavy coats and winter gloves- it is not due to the forthcoming Vermont winter, it's the dreaded wrath of the Coyote Wake-Up!

*Gnaws through arm like
coyote caught in trap!*

Gulping goat gonads helps hair!

Dr. Malcome Schmidt, of the prestigious Vienna Institute for the Study of Sex-Linked Genes and Other Provocative Sex-Linkes (O.P.S.L.'s), said Tuesday that the Institute has completed a seven year study

of testosterone levels in goat gonads. Goats, known for centuries as "creatures of rut", are evidently the proud possessors of extremely active hormone producing organs; the links between male hair growth (or loss) and the particular sex hormone that the goats are producing have been established for years.

"The effects of the diet that we have developed will be similar to those of taking a multivitamin," said Dr Schmidt. "Not only will the user develop new hair growth, his entire system will benefit. The old saying about bald men making better lovers will have to be rewritten!" When this reporter asked Dr Schmidt what

he personally intended to do with his share of the proceeds from the sale of the diet he replied, "First, buy stock in a goat farming cooperative, then, buy a copy of it myself (the diet), have a savory goat dinner, and find myself a young girlfriend!" Interested applicants should apply to: Dr Malcome Schmidt, c/o The Vienna Institute.

I BORE CHARLES MANSON'S CHILD!! (with Satan's help!!)

This bizarre incident happened to a Ms. Ira Jones of Bennington College. She and her roommate K.K. Smith lived in Swan House. A seemingly friendly dorm until it became haunted by the spirit of Charles Manson. He is able to send

his spirit out to torment others while remaining alive and well in his jail cell. He is able to do with with the help of Satan himself, to whom he worships daily.

Ms. Ira Jones and her roommate K.K. Smith were asleep in their beds. At 3:00a.m. there was a loud knock on the closet door—from the inside!! The door creaked open and a dark figure came out. Ms. Jones then felt a strange sensation in her stomach.

Little did she know that an evil seed was being planted within her womb. A hurricane came into the room and swept the shadow back into the closet slamming the door after it.

For the next nine months Ms. Jones was in pain. She vomited black liquid almost every day. As time wore on she became sicker and sicker. By the end of the ninth month she was near death and her skin had turned green.

Labor set in and she was rushed to the hospital. A team of doctors went to work in delivering the satanic child. After four days of grueling labor the child oozed out into the world. To the doctors shock it had the birth mark that said 666. The doctor, knowing this was Satan's and Charles Manson's, child grabbed his long pointed scissors and preceded to try and murder the child. The child leapt up from the table and ran out of the room. The doctor with scissors in hand ran after the child. the doctor caught up with him and grabbed him and threw him down to the ground. He then stabbed the child repeatedly while it was screaming demonically and spurting black blood all over the walls.

**PERKS
HURTS TO
LOOK LIKE
HURT!**

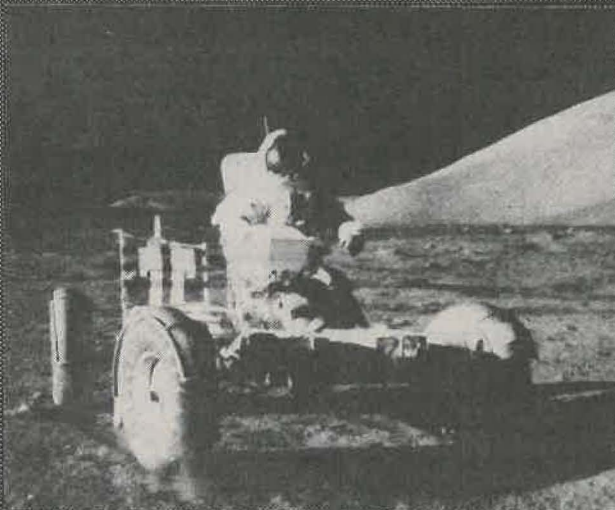

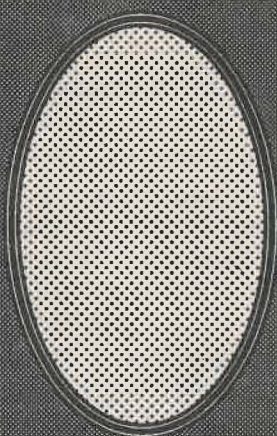

Bennington College has been fooled! Everyone thinks that Clark (the student body president) Perks is suing the school so he can stay in school! HA! First of all, he tried to get in trouble and be kicked off of campus. Clark is extremely intelligent as he knew that the college would mess up it's judicial process. His whole plan is working, and he knows it!!

Clark has already spent lots of money on cosmetic surgery, and now he needs more. By suing the school he will have enough cash to fix his chin, eyes, and cheek bones, so he will look like his famous idol, William Hurt. He's already dyed his hair blond, and gotten a face lift, and nose surgery. By the end of his senior year, Clark will look exactly like Hurt. A close friend of Perks' said, "He is obsessed with the idea of looking like William Hurt. There are pictures of him (Hurt) all over the apartment ... he thinks life will be perfect if only he is able to get the, well, changes that he desires." The Weekly World Commons Enquirer was also told by a reliable source that Dan O'Day, Perks' roommate, is "selling himself" to get more money for Clark, not just for Manuel.

Living off-off campus is the ideal place for Clark, that way he can get quick-healing surgery over the weekend, and his bandages are off by classes on Monday. This way no one will even see his healing process!

Incredible as it may seem, our student body president will soon be William Hurt's clone. This is a feat for any president to undertake, and hopefully, George Bush will follow in Clark's footsteps.

ELVIS ALIVE AND WELL AT BENNINGTON COLLEGE!

Mrs. Edith Smallowitz thought she was taking a picture of just some zany Bennington College sculpture, but when the pictures were developed, she couldn't believe what she saw! "It was Elvis! Clear as day!", said the stunned housewife. "I've loved the King all my life and I know it's him!" The other person in the pictures is as yet unidentified.

Further checking with inside sources close to this King say that

Elvis is planning to actually teach music at the pricey New England college. "I.. I really love those kids, you know?", Elvis was heard to say in a taped telephone conversation, "I mean, they really blow me away! And that band, Dead Nuns on Ludes, they're just incredible... they remind me of my old back up band, the Jordanares." A close friend of Elvis claims that the King will be giving at least five performances at the

College's Visual and Performing Art's Center this coming year, with the Dead Nuns playing backup.

How can the financially stressed college afford the King of Rock and Roll? A college employee, who asked not to be named said, "Liz (Coleman, the College's President) knows that to improve the College's image we need publicity. And what better publicity than Elvis!!" Elvis, out of the goodness of his heart, is

teaching at the College for a mere 5.3 million per term. Sources say that Elvis will be teaching two courses: a dance course - "Dancing like the King: From gyrating hips to Blue Suede Shoes" and a singing course titled simply - "Well uh huh!" Elvis' courses should be offered in the Fall of 1989.

Brainless Child overcomes Handicap!

By BIRDIE CAROL and D. LISH

Twenty-one years ago, a baby boy was born brainless, surviving a traumatic birth. Doctors said that there was no hope for this poor child, however, this "child" is still alive and well. Not only did this "miracle child" survive, he is now the president of the student government at a small liberal arts college. Only those who helped him overcome this obstacle, and the Weekly World Commons Enquirer know of his tragic handicap. Since this has remained a secret for so long and there are no apparent scars, he asked that we do not reveal his name. For this reason, we will refer to him as Boy X.

After extensive tests, doctors are still baffled. Some social scientists believe that his incredible accomplishments are due to social

conditioning. Others believe that it is a genetic "sense memory". His parents claim that it was simply a miracle from God. Regardless, after twenty-one years, the mystery continues. Scientists are still perplexed as to how the boy is able to perform even the simplest bodily functions. How he manages to eat or dress himself is a continuing medical question that remains unanswered.

In our interview with Boy X, the only defect we noticed was the fact that he only answered our questions in one to two word sentences. When asked, "What was it like growing up with a handicap of this magnitude? What an ordeal!", the Miracle Boy responded, "Yeah, right!". We were astonished at his mastery of the English language. When asked

several questions about his future plans, the boy related his high hopes for a career in politics. Apparently, he hopes to run for Vice-President of the U.S. of A. on the QUAYLE ticket in the 1996 Presidential race. The staff here at the Weekly World Commons Enquirer would like to take this time now to say, "You amaze us, Boy X!"

CALAVERAS COUNTY CONDOM COUNTER-

CAPTURES CANTANKEROUS CROC !

By ZEDD NOKA

Calaveras County, California - Simple county sewage systems employee Irwin J. Knockwurst saved the day yesterday when he single-handedly captured a 70 foot long mutant, man-eating crocodile. At 4:00 yesterday afternoon the mild-mannered offal operative was completing the weekly condom count-the regular notation of the number of popped prophylactics in the county's sewage treatment pools to find out how many Calaveras Couples practice Safe Sex-when he was suddenly attacked from behind - said Irwin, "I smelt something terrible -I thought it was my partner Enrie's bad breath, I turned round and there it was!". The quick-thinking lizard-lassooer leapt into action, forcing 75 riven rubbers down the croc's throat, causing it to vomit itself unconscious, he then

tied the creature up and called for assistance-the National Guard arrived shortly after.

"It's quite the most amazing specimen of its kind," said Professor Elmet Q. Porkrind, lecturer in Applied Drainage (mutant reptiles) at Bennington College, Vermont. "Seventy feet long and orange, you don't get many of those these days although in the 60's a day-glo puce mongoose infested the College sewage system." Despite being awarded the Calaveras County Medal of Honor for Superlative Service in the Defense of Drainage, Irwin remains a humble hero," It was nothing really, anyone would have done the same. Besides, I've worked here 40 years, the odd mutant reptile every once in a while helps to break the monotony."

Prehistoric Monster Found!!!!

By D. LIGHT

Excitement reached the quiet town of Bennington, Vermont this week as sightings of an extra-ordinary creature were reported. Apparently living in a small, though possibly very deep, pond on the campus of Bennington College, the monster is described as being as large as 35 feet from neck to tail, shaped like a huge cobra or perhaps the prehistoric Brachiosaurus. The creature, dubbed "Lizzie" by the students, has been sighted by several students on separate occasions, as well as a security guard of the college. A student who saw the creature was quoted as saying "Like, sure I saw Lizzie, she's a real trip. But whatever, I mean, rock-n-roll, you know?" The monster's leavings have also been reported spotted in a bathtub in one of the dormitories. Apparently, the thing is able to travel through the water pipes. The world famous team of scientists who have been studying the Loch Ness Monster are coming to Bennington next week to confirm the sightings. They hope that because Lizzie is inhabiting a smaller body of water than good ol' Nessie, she might be captured and studied. This would be an enormous boon to science. The students at Bennington have become very fond of Lizzie, though, and are planning to call in the American Civil Liberties Union and the Society for the Prevention of Cruelty to Animals if the scientists disturb Lizzie or her natural habitat, the pond and water pipes of Bennington College.

ADD UP AND FIND OUT WHAT YOU ARE AND WILL BE IN LIFE....

10 - 18: You are an "a" type person. You are neat, organized, very anal and not at all sexually attractive. Don't fret however. You will make lots of money, get good comments, and impress your peers and professors with your large vocabulary. You will own an apartment in Manhattan-raise goldfish, and sketch for a hobby. Your excess money will be invested and sent to charitable organizations such as Amnesty International. Your husband will drive a Hundai, and you, a Rolls Royce. Make sure you keep out of you mother-in-law's kitchen and never travel in Saudi Arabia.

18 - 25: You are a "b" type person. You are messy, disorganized, very irritating and not at all sexually attractive. You have cause to fret. You won't make any money, you don't seem to get good comments, and your peers and professors are disgusted with you use of slang. Try

to dissolve the word "like" from your vocabulary. You will live in the suburbs of Elisabeth, New Jersey the Armpit of America. You will collect feathers and make garbage sculptures to make your yard more aesthetically pleasing. You won't have excess money since you will work for a non-profit organization. You will walk everywhere due to lack of car, and you won't be married only, divorced. Make sure you never, never forget to write to your mother and plead for money.

25 - 30: You are a "c" type person. You are a sexual fiend, very pleasing and easy-going. You have need for minor concern however, because you don't put enough value on money=attraction=sex. At the rate you're going you might end up with AIDS which is definite cause for alarm. You will live in San Francisco in a chocolate brown and electric blue house on Geough St. Your main hobbies include raising Persian cats (sensual) and pornographic photography. You will not have to work too hard- instead you sponge off your lovers. Gifts they send should be "sent to your second home in Tahiti" (in other words, disposed of, unless they really do suit your taste). Your husband is likely to divorce you if you aren't careful. Don't ever get caught reading Katharine Anne Porter.

0-10: Congratulations! you have enough pride, dignity, and self confidence that you decline to answer these questions, either that or you are incredibly bad at math. You are a goddess. Everyone loves you and the "right" people find you sexually attractive. Money, health, happiness, and liberty are pleasures in which you are drowned. Your husband will be loyal, your children, famous. your hobbies socially accepted as the frontier of creation. Travel anywhere in the world you desire and your radiance will protect you even through turbulent times. Your skin is beautiful and alabaster. You reflect the Lily of the Valley in your sweetness. Everywhere you go- a courtois is bound to be waiting, Majestee'!

ARIES (3/21-4/19) Luck is with you this week, my darling, my love, my little sweetie-pie! Love is so in the crisp fall air, it's almost overwhelming. Let your hair down, take your clothes off, be wild, be free. Don't expect the unexpected, rather be the unexpected! But, dear, remember to not spend too much on the 'rent's credit card, like you have been doing, or your Thanksgiving could be too filled with parental concern.

TAURUS (4/20-5/20) The full moon is moving you in different directions, say, up and down instead of back and forth, but, baby, this is your love-scope! Try letting that romantic moon move you to move in and out. I know you have been looking for that very special person, and I see in your stars that this Thanksgiving you are going to have something to be thankful about! Also, take some time for yourself this week, and don't let your bathroom run out of soap.

GEMINI (5/21-6/20) Oh no! Those past indiscretions of yours could be brought to light! But, dearest dreamboat, perhaps you could use this to your advantage. Yes! It is fated! Go play some head games, let people know about your wild and funky past, go spread some rumours about yourself! Have a heart-to-heart talk with Gregory. Let it all out. Also, some crushing news comes this week, but don't let it bring you down. Worst things have happened, like that time Spunky got hit by a car and died when you were in 6th grade.

CANCER (6/21-7/22) Listen, there is a certain someone out there who is crazy about you, who dreams about you every night, who wants to make incredible wild passionate love to you. I know, you think I couldn't be talking about you, but I am, oh, I am! You little moonchild, this week is the full moon, so you have the power, go out there and release those sexual tensions, get some sexual healing! If you really think about it, you'll know who your mystery lover-to-be is, and then just turn on that charm!

LEO (7/23-8/22) The lion in you is coming out this week, and just watch as everyone steps back and lets you roar! You are out of control, being ferocious and beastly! Have fun with it, go wild! But, my kitten, please try to channel some of this energy into your work. I know you haven't been doing it, don't try to deny it. So now is a good time. Get to it!

VIRGO (8/23-9/22) Money, money, money, honey. Love and money go great together, and you have the one, now you just have to get the other! You stars are unclear as to which you have and which you need to get, but I'm sure that you can figure it out. Whichever it is, you need it, this week in particular. So go for it! Use your imagination! Don't forget, it's not how hard you try, it's whether you get the job done or blow it off. It's up to you!

LIBRA (9/23-10/22) Love is in your life, it is flowing through the air, it is all about you. So get that champagne on ice, and I mean right now! You don't have a moment to spare! Venus rules you now more than ever, so show! your smart and sexy side to that special person, like I know you can! A dream about oceans and fire and tomatoes

will move you deeply. So accentuate the positive, and ignore the negative! All dear friend needs special TLC this week be kind to frogs.

SCORPIO (10/23-11/21) I love Scorpio, you rock my life. You are getting all the shit done that needs to get done, you are having fun with your life, as we know that you are busy right now, but some time out to get laid. I know you, you are so much cheerier when you're lucky! You know, it's important to fill little things into your rushed schedule. A this week the artistic impulses are pouring out in a gigantic flood of creative Babydoll, go with that flow!

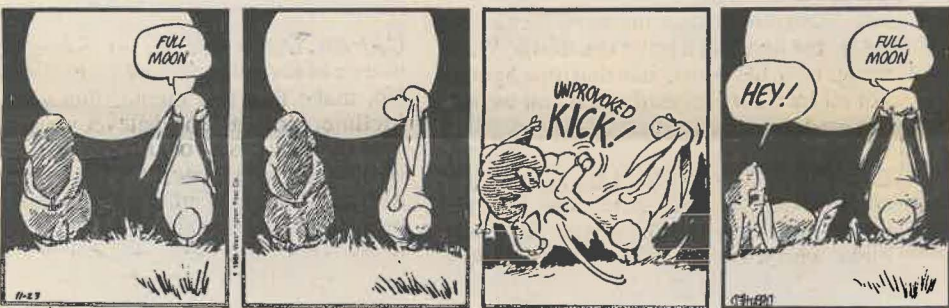

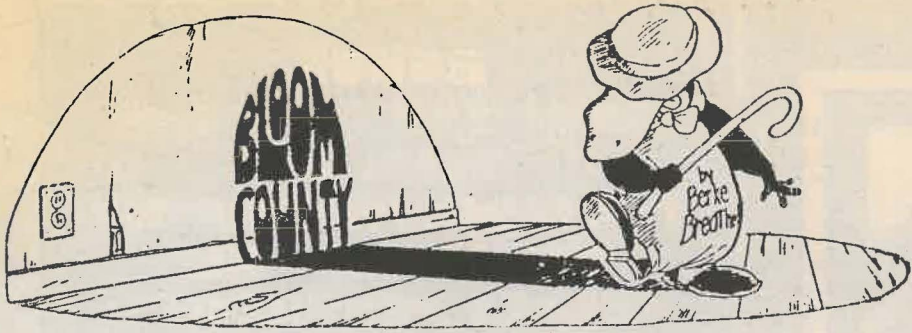

SAGITTARIUS (11/22-12/21) La pumkin' pie, get out there and start being nice! You are blessed with many friends but you won't be very much longer if you keep on going the way that your going, around the corner and way around the block and over the hill to grandmother's house go. Really, Sagittarius, I'm disappointed in you. But things are looking up. You are about to come into a large windfall. So, free to spend the rest of the term's allowance now, in the next two days. Take some people out to dinner, why don't you? Let a little!

CAPRICORN (12/22-1/19) Sweet little morsel of love, the stars are yours this week. No, make that this month, this year, a lifetime. You can do whatever you wish, you just have to set your mind to it. You've got all your work done, because you are just too cool not to. Perhaps a new romantic involvement will happen in your life, perhaps not, but in any case your sex appeal makes the whole campus hot&wet!!! Your true friends love you for your incredible brilliant mind and bubbly personality. On a more serious note, there seem to be an abundance of small furry animals with big eyes living in your room. Do something about it, o.k.?

AQUARIUS (1/20-2/18) My darling cuddle-bunny, I'm worried about you. There seems to be a void in your life right now. Maybe during Thanksgiving break you can check it out and see if there's anything you can put there, so that there won't be something instead of that icky void. I hate voids myself, don't you? Why don't you go see your dermatologist about it. Alright. It would make us both feel better. And, oh, by the way, someone close to you is plotting against you. Whatever you do, don't trust anyone's word on anything!

PISCES (2/19-3/20) Light of my life, fire of my loins, the stars are cloudy for you this week. As a water sign, you are very emotional in general, but especially right now, with the full moon and everything. Darling, I think you need to even out the release of tension. Balance is what it's all about, and baby, you are walking on a tightrope. Let go of your intense grip of the reins, because your emotional horse is going to run away with you. You wouldn't want to lead your horse to water and have it have a nervous breakdown before it gets a chance to decide whether or not it wants to drink now, would you? No, I didn't think so. Sweetheart, be easy on yourself tonight. Find an outlet, won't you? Get laid. Take a walk. Anything. Everything.

THE FAR SIDE by GARY LARSON

"Hey! Look what Zog do!"

"I'm afraid you've got cows, Mr. Farnsworth."

"So then Carl says to me, 'Look... Let's invite over the new neighbors and check 'em out.'"

"Through the hoop, Bob! Through the hoop!"

"Now stay calm... Let's hear what they said to Bill."

THE GREAT PYRAMID SPEAKS

FIRST TO CAST SPELLS

In about 3500 B.C. King Nechtanebo found the powers of magic to his liking. When his kingdom was attacked by land or sea he would fight his enemies off with wax figures, animating these "robots" with the breath of life, using a ritual taken directly from the Book of the Dead, which was a stone ledger containing the world's most powerful incantations.

Nechtanebo won his battles time and time again without losing any of his real Army. The early Egyptians knew the importance of casting spells for good and for evil. Now you can learn of the mysterious and forbidden rite of the resurrection of Osiris and the sacred Mysteries of ancient Egypt and how they operated. Understanding these Mysteries enables a person to atone himself with the Heavens and experience spiritual bliss, which apparently only a few great philosophers such as Plato have understood and dared talk about.

PHARAOHS CONTACTED GUARDIAN ANGELS...YOU CAN TOO!

Excavators in Egypt have found both stone and wooden images of

unknown entities in tombs right alongside mummified remains. Many knowledgeable researchers steadfastly maintain these images are of the Pharaohs' guardian angel, said to be a supreme mover, a power, or force which enabled the leaders of Egypt to make their way to the spirit world without obstacle.

In THE GREAT PYRAMID SPEAKS you will find the exact name given to this special angel, and how if you chant its name repeatedly, it is said that you will receive all that you ask

MOSES — MOST FAMOUS INITIATE

While only the most scholarly of Biblical students may realize the fact, the truth is that Moses was half Hebrew, half Egyptian. As verification, the New Testament says, "Moses was instructed in all the wisdom of the Egyptians." What that statement means is that the deepest wisdom were laid open to him, and he was taught that which was forbidden for most others to know.

ATLANTIS AND THE ANCIENT ASTRONAUTS

There remains one great mystery about Egypt which has never been solved. It is the sudden blossoming of civilization. Researchers know that around 3100 B.C. the Egyptians

were still a primitive people. Then quite suddenly, about 3000 B.C., an advanced civilization sprung up almost overnight, a civilization that only 100 years before had used the most primitive of tools, but were now responsible the construction of the Great Pyramid which remains an architectural marvel.

THE GREAT PYRAMID SPEAKS answers these nagging questions:

- Was this development inspired by God?
- Did members of a super race from the lost continent of Atlantis, visit with the Egyptian high priests?
- Were the Egyptian leaders guided by visitors from another planet?

Among the burning evidence for these theories is the recent research conducted by an outstanding Soviet scientist who says he has concrete proof that extraterrestrial visitations took place during the reign of the early Pharaohs.

A TIME CAPSULE UNDER THE GREAT PYRAMID?

Many famed psychics who have lived in different countries—and in totally different cultures—have repeatedly stated that important information lies buried under the Sphinx as well as the Great Pyramid...information about the future of mankind and whether the human race will survive the atomic age.

Also, according to Edgar Cayce (the Sleeping Prophet of Virginia Beach), buried in a time capsule in a sealed vault beneath the great pyramid is the historical records of Atlantis, as well as unidentified mummies, gold artifacts, precious stones, as well as surgical instruments which could be of medical use today. There may even be, declare others, the secret as to how levitation can be accomplished, and how humans can live for extended periods of 1,000 years.

BONUS DARE YOU OPEN THE TOMB OF THE UNKNOWN MUMMY CONTAINING THE SECRET PROPHECIES OF THE PHARAOHS

Recently a series of startling prophecies were translated from hieroglyphics found on an unknown mummy's case deep inside the Great Pyramid. The actual origin of these predictions is unknown, though those who have seen the mummy's casement say it is highly unique, and totally different than any other so far discovered. They describe it as being hot to the touch and very hypnotic so that you cannot pull your eyes away. Researchers are also amazed at the size of the mummy that must have been buried within (the corpse is now missing), since the mummy's case is over eight feet long, indicating that the body that inhabited this death chamber must have been massive, unlike most of us born on earth. Now, for the first time, we are able to reveal the contents of these stunning predicts smuggled out of Egypt which were made thousands of years ago, but which deal with events of today and the immediate future. Since these prophecies may be highly traumatic to some who read this book, we have decided to place them in a special sealed chamber so that the weakened will have to break a seal in order to see what the future holds for us according to the masters of ancient Egypt.

WILL THE CROSS JESUS WAS CRUCIFIED ON BE FOUND BENEATH THE PYRAMID?

Diane Tessman, a San Diego based minister who had repeated contacts with space beings since the age of seven, has received a wealth of data from her spiritual guides concerning the Great Pyramid what will eventually be uncovered underneath the desert sand in Egypt. The blonde-haired sensitive is able to receive telepathic messages from all sorts of highly evolved entities working on our planet under God's direct command. These entities (many of whom are invisible to the human eye, but can be sensed by those who are cosmically aware) have arrived here at this time to try and push the planet forward on the spiritual scale; earth currently being among the lowest on the evolutionary ladder in the entire universe.

Much of this information which Diane Tessman has "channeled" is of particular benefit for those who seek knowledge which has long been suppressed. In THE GREAT PYRAMID SPEAKS, Diane's ethereal contacts reveal the startling fact that the cross which the Almighty Jesus was crucified on is buried beneath the Great Pyramid and will be found within our lifetime as proof He will return.

MYSTERY OF A SPACE SHIP

In addition to the cross of the crucifixion, beneath the pyramid is also said to be a gigantic spacecraft which though dormant, now, will eventually be activated, and will be responsible for removing people from this planet in case of a global catastrophe. Diane reveals the newsmaking fact that the Israeli government, as well as its opposition forces of the Arab nations, know all about the existence of this spaceship, and are fighting for a lot more than oil in the Middle East—they are fighting for possession of this doomsday craft which can take their rulers to safety should we ever blow ourselves up.
