Dear Babette:

Thank you for your visit as part of the project, and in particular for bringing the film of "Water Motor". I keep running it in my head. There has been good feedback in relation to performance photography. The Judson class, in co-operation with the photography students, are now working on a live/photographed event which they will do on location at Park McCullough Mansion at the end of the month. So they're off working with what they've seen and heard.

I still have to work out the possibility of showing your films (I would indeed like to see "Camera"). I am hoping Steve and Lisa will be around to finish an edit at the beginning of next semester, so maybe that's a time to be considered.

Sincerely,

Tony Carruthers
