Dear Wendy,

Sorry to be so late with the enclosed resume and UPS bill, my March S.F. exhibition is starting to lean a bit on me. This resume may be the most updated one and only deals with photography and painting, no job stuff.

As I told you over the phone, you have my permission to use any of the prints for promotion, publicity or educational purposes. Please, just be certain that I am credited, with name, year and copyright symbol.

Hope all is progressing smoothly, if there is anything I can do, just give a holler. Regards to Phoebe.

Best wishes,
