- 3) ability to lead a meeting,
- 4) whether the nominee had time for the job,

- 6) a good reputation in other offices held,
- 7) approachability, for example as a helper to freshmen at the beginning of the year,

The capability of the nominee in the house chairman's role was in general emphasized. Her value as a member of the Council was, in a large number of cases, discussed only when brought up by the present house chairmen.

Whether the office seemed good for the nominee was not an important feature in the discussions.
