Dear Wendy and Dan,

In August I received a \$40.00 check from Bennington for the damage claim. However, your failure to advise me of the present location and condition of my exhibition prints causes me great concern as to the safety and well being of my property.

You have continually ignored my request for an itinerary of the exhibition and copies of the reviews. Therefore, I must now make a formal demand for the return of my property. Should I not receive my prints, in good condition, within twenty one days, I will initiate legal proceedings.

Very truly yours,

Terry Schutte
Comptroller
