Dear Liz,

I am writing to let you know that Sally and I have drawn up a working checklist for the exhibition from Bennington College. Ten of the thirty-two works of art are currently on view in public locations on the Bennington campus. I am sorry to be stripping your buildings, but hope that you will agree that they are important additions to the exhibition. The ten are:

I am writing Jane and Elena regarding various details about the exhibition, but did want you to be aware of these requests in advance. I hope the loan of these works does not present a difficulty for you.

I will be writing you shortly with regard to the budget for this project, and our request for support from Michael Engl.

In the meantime, we continue to look forward to the exhibition with anticipation.

With best regards,

Sincerely yours,
