REMINDER FROM THE E.P.C.

The following is a revised statement of policies printed in the "College Week" last Spring:

Late admission to courses

Courses may be entered only during the first fifth of the sessions scheduled

REMINDER FROM THE E.P.C., Cont'd.

for the term. During a normal 15 weeks term, the deadline for courses meeting twice a week would be after 6 sessions; for courses meeting once a week, after 3 sessions, and so on.

Dropping of courses

Courses may be dropped without prejudicing the student's record during the first fifth of the scheduled sessions. When a course is dropped after the deadline, the instructor shall insert a comment on the Change of Program form indicating how the course shall stand on the student's record.

Late submission of written work

Written work considered essential to a student's accomplishment in a course which is submitted after the date due will be accepted only if the instructor so chooses. If accepted, it may still be discounted in any degree the instructor decides.

Non-Resident Term reports

Student Non-Resident Term reports will be due in the Non-Resident Term Office (not in the hands of the counselor) by a date announced in advance. Late reports will come under the same provision as that for other essential written work.

Absence from classes

Students are expected to miss classes only for good reason and to notify the instructor concerned. When, in the judgment of the instructor, absence makes it impossible to meet the demands of the course, the student will be dropped, with consequent failure. Substitutes for work missed will be offered only at the instructor's option.

Granting of Incomplete

Students may request, but not elect, an Incomplete in a course. The decision is the instructor's. Incompletes will be granted when the work could not be finished through no fault of the student, when her work otherwise indicates that satisfactory completion of the course is probable and when the work can be finished by the next mid-term. An Incomplete is not an extension of time to compensate for otherwise failing work. Incompletes

REMINDER FROM THE E.P.C., Cont'd.

may not be made up during the Non-Resident Term unless the normal obligations of non-resident work can at the same time be met. Incompletes not made up by the next mid-term are automatically failures in a student's Bennington record and in transcripts of her record to other institutions.

DO YOU KNOW THAT the Non-Resident

Term dates are January 2nd, 1951 to

March 9th, 1951?

FROM THE HEALTH SERVICE

Because of the increased size of the College Community in the last year, we have found it difficult to extend our services to include guests and relatives of the student body. Naturally, in case of emergency or where advice is needed, the Health Service will continue to assist, but there will be a charge made---similar to that made to Staff and Faculty---for service rendered, and this charge will be billed to the student who asks for care of her guest.

In accordance with our usual annual Tuberculous study we are beginning the Tuberculin skin testing now. All students who have not had a positive skin test are to be tested, however long they may have been at Bennington.

All new students will have chest x-rays regardless of whether the skin test is positive or not. Old students with positive tests will be x-rayed.

The x-ray clinic will be held on October 18th and 19th, and skin testing must be done now in order to plan for that date. Therefore, when you hear from your House Chairman as to an appointment, please report promptly. If you have any question as to whether your case differs from that of other students, please come in and we will investigate further. Of course, there are a few exceptions to the general rule.
