

FROM THE NON-RESIDENT TERM OFFICE

There will be a Non-Resident Term meeting for students interested in jobs in science on Wednesday night, November 12th, at 7:30 in Stokes East Apartment.

To those students who are interested in applying for the volunteer jobs in the THEATRE GUILD, there is now definite information as to hours. Students who are not free to work from 9:30-5:30 or 10:00-6:00 could not be accepted. The specific duties to which the applicants would be assigned cannot yet be known because "the projects and plans are at a constant state of flux." However, two of the jobs would be in some connection with their Shakespeare Festival project. In any case, the students would have an opportunity to learn much about the practical work involved in the theatre.

Students who have applied at the engineering firms of GIBBS and COX and GIBBS and HILL, please notify the Non-Resident Term Office. Also, we are anxious to check on any applications at the MUSEUM OF MODERN ART.

There is an opportunity for a student interested in music to have a Non-Resident Term job working with Cynthia Lee, Bennington '50, in connection with her music mail order business. She regrets that she will not be able to pay anything this year but says the work will be lots of fun and be of value to music students.

Mr. Clement Greenburg will speak on "Modern Art".

There will be an open dress rehearsal of "The Autumn Garden" in the Theatre on Wednesday, November 12th, at 8:40 p.m.

Due to the Drama production all DANCE classes will meet in the Carriago Barn during the week November 10--15 with the exception of Structure and Style which will meet on Thursday morning in the Costume Room.

FROM THE NON-RESIDENT TERM OFFICE, Cont'd.

On Wednesday evening from 8:30-9:00 p.m. the Community Radio Station will present some of the more interesting Non-Resident Term papers which have been written during the past few years. It is hoped that many students will remember to tune in. If there are any questions about NON-RESIDENT TERM or if any students would like to hear about experiences in any particular areas, they should notify the Radio Station so that papers may be selected with the student interests in mind. The Non-Resident Term Committee will be happy to answer specific questions.
