

GALLEY

11 May 1967

The administration is planning to re-model Commons. This questionnaire is presented to the student body as an opportunity to voice opinion on the future use of Commons. Any additional ideas on architecture, function, furniture etc. would be appreciated.

Arts and Architecture Committee

What activities should be planned for in Commons?

Should Commons remain as a temporary rest spot?

Should the third floor of Commons be enlarged to accomodate dances?

Should Commons be more comfortably designed to serve the purpose of a lounge?

There is a box in the Post Office to insure the speedy return of all questionnaires.
