

Memorandum to: Faculty, Administration and Staff  
From : Edward J. Bloustein  
Re : College Art Collection

The College has decided that, for the purposes of maintaining adequate insurance and for other purposes as well, it will undertake to inventory all of its paintings or other art works. Carol Kinne has been asked to undertake the work of inventorying and I hope you will extend your help to her if she calls upon you. Meanwhile, it would be extremely helpful to have each of you who have on loan in your home or office or elsewhere a work of art belonging to the College send Carol a note informing her of that fact.

Many thanks for your early and energetic attention to this matter.

Bennington College  
December 29, 1966
