Mrs. McCamy will give a brief account of some of the salient aspects of Hopi culture.

There will be a Faculty Square Dance Friday, November 14, 8:00 P.M. at the Carriage Barn. This will be the last such gathering possible this term.

LIBRARY

From the Director of Student Personnel

The College is attempting to regularize student employment off-campus. This should not be confused with self-help work at the College, but applies to any off-campus student activity, whether paid or not, and whether or not it is done in connection with college work.

To initiate a plan it will first be necessary for all students who are at present engaged in such activities to register the fact with the Office of Student Personnel immediately.

Hereafter, any student wishing to engage in off-campus activity, must first apply at the Student Personnel office on an appropriate form for permission to take on such a job. After the job has been approved, she will receive written permission from the Director of Student Personnel and a duplicate of this permission will be sent to her prospective employer. If she does not then take the job, she should notify the Student Personnel office.

Groups wishing to engage in off-campus activities should make group application through their representative.

From the Comptroller's Office

Members of the community are reminded that the bills sent out by the Comptroller's Office early each month are expected to be paid within the month. The bills just sent out contain many "accounts rendered" carried over from the preceding month, or even longer. This increases the work of the office and is almost entirely due to thoughtlessness. PLEASE PAY YOUR BILL PROMPTLY.
