Dear Jim,

I enclose a copy of a letter which I have just mailed to Don Brown about the Sudan stuff. As you will see some action is being investigated this end, so I've kept going on it across the grant divide!

Anyway in my rushed meeting with you prior to my early departure I did mention (or request) the possibility that a proportion of my replacement salary could go to the Project since Wendy had to negotiate other ways of operating after my leaving, and it seemed reasonable to me that some of this was covered from my residual, provided that this was agreeable all round. As you will see I have asked Don to have a word with Wendy about this - and I do hope that I'm not suggesting extra problems, but I felt that I should follow up on my initial suggestion -
