

## ROSENBLUM - STEIN PIANO DUO

Betty Rosenblum and Joan Stein, graduates of Juilliard School of Music and each an accomplished solo and chamber musician in her own right, have performed together as duo pianists since 1970. Theirs is a felicitous blending of personalities and musical tastes, with a special love for the great piano works of the Romantic period.

Rosenblum and Stein's repertoire is as broad as the history of piano duo literature, ranging from the classic keyboard compositions of Bach to the contemporary piano suites of the American composer, Richard Lane.
